THE NAVY HAS A HERO EVERYDAY

Letters of Commendation from the Secretary of the Navy have been received by Lieut. Commander John D. Price and Lieut. Delbert L. Conley for the pluck and high order of skill they displayed in making the first and second night landings, respectively, on the aircraft carrier Langley while underway. The feat was accomplished on April 8, 1925, and was followed by twelve additional landings in an attempt to ascertain the minimum natural and artificial illumination required for successful night landings on a carrier as a military operation. Lieut. Conley is now attached to VJ-1 Squadron, Base Force and Lieut. Commander Price is on duty at the Bureau of Aeronautics. Lieut Adolphus W. Gorton, now flying a Ford tri-motor commercial plane in New York, and Lieut. Commander Rossmore D. Lyon, VO Squadron Commander, also received letters of commendation for their part in the same program aboard the Langley in local waters.
