Subject: Section 106 Consultation for rehabilitation of the second floor of Building 19 at the NASA Ames Research Center, Moffett Federal Airfield, Santa Clara County, California

Dear Ms. Polanco,

In support of its responsibilities under Section 106 of the National Historic Preservation Act (NHPA), the National Aeronautics and Space Administration (NASA) requests initiation of Section 106 consultation for the Rehabilitation of Building 19 located at the Ames Research Center (ARC) at Moffett Field, California (Section 106 Report, Figure 1). NASA has determined that this project constitutes an undertaking under the NHPA. NASA requests your review and consultation concerning the attached Section 106 Report which includes a description of the undertaking, delineation of the Area of Potential Effects (APE), identification of historic properties and affected properties, effects analysis, and a recommendation for the project.

Rehabilitation of Building 19 will provide offices and support space for the relocation of the United States Geological Services (USGS) from Menlo Park to Moffett Field. NASA requests the State Historic Preservation Officer's (SHPO) review and concurrence on NASA's finding of No Adverse Effect related to this project, pursuant to 36 Code of Federal Regulations (CFR) 800.5(b).

NASA requests the SHPO's timely review of the attached Section 106 Report and comments within 30 days of receipt of this letter.

Please contact me at keith.venter@nasa.gov or at (650) 604-6408 with your comments or questions.

Sincerely,

Keith H. Venter
Historic Preservation Officer
