Subject: Continuing Section 106 consultation – Hangar 3 Hazard Remediation (Demolition)
Project, Moffett Federal Airfield, NASA Ames Research Center, Santa Clara County,
CA (NASA_2019_1216_001)

Dear Ms. Polanco,

This letter serves to provide additional information in accordance with Section 106 of the National Historic Preservation Act (NHPA) of 1966, as amended, and its implementing regulations at 36 Code of Federal Regulations (CFR) Part 800 regarding the Hangar 3 Hazard Remediation (Demolition) Project.

Pursuant 36 CFR § 800.6, NASA ARC provided copies of the Section 106 Technical Report as well as the draft Memorandum of Agreement (MOA) to the other proposed signatories and consulting parties for their input to develop appropriate mitigation measures. NASA would like to share the attached responses received from the City of Mountain View, the Moffett Historical Society, and the Mountain View Historical Association regarding the draft MOA.

Note that NASA ARC provided the draft MOA for your review on January 27, 2021. The draft MOA was also shared with ACHP on January 29, 2021. We look forward to hearing your comments. Please contact me at jonathan.d.ikan@nasa.gov or at (650) 604-6859 with your comments or questions.

Jonathan D. Ikan
