*P3a. Description: (Describe resource and its major elements. Include design, materials, condition, alterations, size, setting, and boundaries.)
This irregular-shaped building is constructed of glazed concrete block and ribbed metal. The main entrance wall (north) has three brushed concrete buttresses with planted berms topped by tinted ribbon windows in metal frames. The front shed roof is standing seam metal and the rear is a flat roof. The rear section has plywood panel lower walls and ribbed metal upper walls. Metal single and double doors provide access on the west and east sides. The building houses offices in the front section and shops at the rear. A rough concrete masonry wall connects this building to 679 to the south, providing a walled outdoor storage area.
